## PRESS RELEASE

RON MILLER IN MUNICH  
ART MUC ART FAIR  
20 – 23 October 2021

Berlin, October, 10 2021

### RON MILLER & Friends at ART MUC October 14 – 17, 2021

**For the 3rd time already, the guys from RON MILLER are going to present their works at the ART MUC fair in Munich. This time, they are not coming alone but bringing lots of friends!**

In a series of paintings produced in a collaboration with well-beloved urban and contemporary artists from Berlin and beyond, RON MILLER & Friends celebrate collective and interactive art production experience, communal creativity across boundaries of age, gender, personal background, and preferred art format, that highlights humanism and diversity, in line with urban subculture community values.

The paintings feature the iconic Geisha in her new bohemian and more classical representations, put together with artist friends Parisurteil, **RÖMULØ KURANYI**, demut, TOBO, and Rabea Senftenberg. She is a dainty lady, a futuristic warrior, a sea siren, a punk girl, or a majestic descendant of royalty from some fantastic parallel universe.

The wide array of diverse patterns and intricate shapes is balanced by 5 dominant hues: red, blue, gold, black and white. The paintings vary in size, with a clear preference towards bigger canvases to accommodate all the artists :-)
