RON MILLER in Paris @ ART SHOPPING 22.10 – 24.10 2021

Just a couple of months ago RON MILLER was commissioned to paint a mural in Paris. This time RON MILLER is back to present their chosen paintings at Art Shopping fair.

In the 5 years that the urban art duo RON MILLER has been active, a lot has happened - numerous solo and group exhibitions, artistic collaborations with other urban and contemporary artists, exciting private and corporate commissions, as well as ambitious projects, such as HOPE OF TOMORROW - all have contributed to RON MILLER's rising fame and recognition.

The 2 paintings on display are Yves Saint Laurent & Burberry Geisha / Fashion Series '19

Yves Saint Laurent Geisha: what is celebrated in this painting is not only the genius of the famous fashion designer and the creator of this world-known label, but also that of the Dutch artist Piet Mondrian, whose geometrical painting with primary colors has been used in the design of this famous dress from the 60s.

Burberry Geisha: did you know that this iconic Burberry coat our Geisha is wearing actually has military origins? British soldiers wore this kind of a coat in the trenches during the Great War, hence its name! Despite its grim origins, we find it a thing of beauty, elegance, and craftsmanship, a symbol of a good taste.
